

the position held by the firefighter, including a locality rate schedule established under 5 U.S.C. 5304 or a special rate schedule established under 5 U.S.C. 5305, before any deductions and exclusive of additional pay of any other kind.

Basic 40-hour workweek means—

(1) A standard 40-hour workweek consisting of five 8-hour workdays that is part of the firefighter's regular tour of duty; or

(2) A designated block of hours within a firefighter's regular tour of duty that, on a fixed and recurring basis, consists of 40 hours of actual work during each administrative week (or 80 hours of actual work in each biweekly pay period), excluding sleep and standby duty hours, provided the regular tour of duty does not consist primarily of 24-hour shifts.

Firefighter means an employee—

(1) Who is in a position covered by the General Schedule and classified in the GS-081 Fire Protection and Prevention classification series, consistent with standards published by the Office of Personnel Management; and

(2) Whose regular tour of duty, as in effect throughout the year, averages at least 106 hours per biweekly pay period.

Firefighter hourly rate of basic pay means an hourly rate computed by dividing the applicable annual rate of basic pay by 2756 hours, as described in § 550.1303.

Irregular hours means hours of work that are outside a firefighter's regular tour of duty.

Overtime hours means hours of work in excess of 106 hours in a biweekly pay period, or, if the agency establishes a weekly basis for overtime pay computations, hours of work in excess of 53 hours in an administrative workweek.

Overtime pay means pay for overtime hours.

Regular tour of duty means a firefighter's official work schedule, as established by the employing agency on a regular and recurring basis (or on a temporary basis in cases where a temporary change in schedules results in a reduction in regular work hours or a change in the pay computation method used under § 550.1303). The tour of duty may consist of a fixed number of hours each week or a fixed recurring cycle of

work schedules in which the number of hours per week varies in a repeating pattern. The regular tour of duty includes only those overtime hours that are part of the fixed recurring work schedule. However, irregular hours are deemed to be included in a firefighter's regular tour of duty if those hours are substituted for hours in the regular tour of duty for which leave without pay is taken, as provided in § 550.1303(d).

§ 550.1303 Hourly rates of basic pay.

(a) For firefighters with a regular tour of duty that does not include a basic 40-hour workweek (e.g., firefighters whose schedules generally consist of 24-hour shifts with a significant amount of designated standby and sleep time), the hourly rate of basic pay is computed by dividing the applicable annual rate of basic pay by 2756 hours. The resulting firefighter hourly rate of basic pay is multiplied by all nonovertime hours to determine the pay for those hours.

(b) For firefighters with a regular tour of duty that includes a basic 40-hour workweek, the hourly rate of basic pay is computed by dividing the applicable annual rate of basic pay by—

(1) 2087 hours, for hours within the basic 40-hour workweek (or 80-hour biweekly pay period); and

(2) 2756 hours, for any additional nonovertime hours.

(c) A firefighter's daily, weekly, or biweekly rate of basic pay must be computed using the applicable rates, as derived under paragraphs (a) and (b) of this section.

(d) If a firefighter takes leave without pay during his or her regular tour of duty, the agency must substitute any irregular hours worked in the same biweekly pay period for those hours of leave without pay. (If the firefighter's overtime pay is computed on a weekly basis, the irregular hours must be worked in the same administrative workweek.) For firefighters whose regular tour of duty includes a basic 40-hour workweek, irregular hours must be substituted first for hours of leave without pay in the basic 40-hour workweek. Each substituted hour will be paid at the rate applicable to the hour

§ 550.1304

in the regular tour for which substitution is made, consistent with this section and § 550.1304.

§ 550.1304 Overtime hourly rates of pay.

(a) For a firefighter who is covered by (i.e., nonexempt from) the overtime provisions of the Fair Labor Standards Act (FLSA), the overtime hourly rate of pay equals 1½ times the firefighter hourly rate of basic pay for that firefighter, as established under § 550.1303(a) and (b)(2).

(b) For a firefighter who is exempt from the FLSA, the overtime hourly rate is computed as provided in § 550.113(e).

(c) For any firefighter, overtime pay for any pay period is derived by multiplying the applicable overtime hourly rate by all overtime hours within that period.

§ 550.1305 Treatment as basic pay.

(a) The sum of pay for nonovertime hours that are part of a firefighter's regular tour of duty (as computed under § 550.1303) and the straight-time portion of overtime pay for hours in a firefighter's regular tour of duty is treated as basic pay for the following purposes:

(1) Retirement deductions and benefits under chapters 83 and 84 of title 5, United States Code;

(2) Life insurance premiums and benefits under chapter 87 of title 5, United States Code;

(3) Severance pay under section 5595 of title 5, United States Code;

(4) Cost-of-living allowances and post differentials under section 5941 of title 5, United States Code; and

(5) Advances in pay under section 5524a of title 5, United States Code.

(b) The straight-time portion of overtime pay for hours in a firefighter's regular tour of duty is derived by multiplying the applicable firefighter hourly rate of basic pay computed under § 550.1303(a) and (b)(2) by the number of overtime hours in the firefighter's regular tour of duty.

(c) Pay for any nonovertime hours outside a firefighter's regular tour of duty is computed using the firefighter hourly rate of basic pay as provided in § 550.1303(a) and (b)(2), but that pay is

5 CFR Ch. I (1-1-01 Edition)

not considered basic pay for any purpose.

(d) For firefighters compensated under § 550.1303(b), pay for nonovertime hours within the regular tour of duty, but outside the basic 40-hour workweek, is basic pay only for the purposes listed in paragraph (a) of this section.

(e) Locality pay under 5 U.S.C. 5304 is basic pay for firefighters only to the extent provided in this subpart, § 531.606(b) of this chapter, or other specific provision of law.

§ 550.1306 Relationship to other entitlements.

(a) A firefighter who is compensated under this subpart is entitled to overtime pay as provided under this subpart, but may not receive additional premium pay under any other provision of subchapter V of chapter 55 of title 5, United States Code, including night pay, Sunday pay, holiday pay, and hazardous duty pay.

(b) A firefighter who is subject to section 7(k) of the Fair Labor Standards Act (FLSA) and who is subject to this subpart is deemed to be appropriately compensated under section 7(k) of the FLSA if the requirements of § 550.1304(a) are satisfied.

(c) In computing a lump-sum payment for accumulated annual leave under 5 U.S.C. 5551 and 5552 for firefighters with an uncommon tour of duty established under § 631.210 of this chapter for leave purposes, an agency must use the rates of pay for the position held by the firefighter that apply to hours in that uncommon tour of duty, including regular overtime pay for such hours.

§ 550.1307 Authority to regularize paychecks.

Upon a written request from the head of an agency (or designee), the Office of Personnel Management may approve an agency's plan to reduce or eliminate variation in the amount of firefighters' biweekly paychecks caused by work scheduling cycles that result in varying hours in the firefighters' tours of duty from pay period to pay period. Such a plan must provide that the total pay any firefighter would otherwise receive for regular tours of duty over the firefighter's entire work
